When should I call?

Call 800-327-4692 whenever you are experiencing one of life's challenges. We are available 24/7/365.

What happens when I call?

A masters-level counselor will answer your call and collect basic information to discuss your concerns or challenges. They will direct you to the proper services. All calls are strictly confidential and are subject to legal requirements.

What happens when I see the EAP counselor?

The masters-level counselor will listen to your concerns. The counselor will also help you explore other areas of your life to assess for strengths and supports, or factors contributing to your presenting issue or concern.

The counselor will meet with you up to 3 sessions to complete a comprehensive assessment of your current circumstances and work with you to establish a plan for EAP sessions.

Common Questions

Can I use the EAP more than once a year?

Yes, but each time you use the EAP, the counselor will be assessing your life circumstances, so you will be eligible for a new set of 3 sessions if your circumstances have changed or in 12 months, whichever comes first.

What is a new set of circumstances?

A new development in your life that has changed since your last EAP assessment.

Why can't I use the EAP more often?

EAP is an assessment, referral, and brief counseling model to assist employees with managing a wide variety of personal issues, but it is not intended to replace therapy, treatment, or ongoing counseling.

Options for EAP Sessions

- An assessment is completed and the remaining sessions are used for brief counseling and problem resolution.
- An assessment is completed and a referral is recommended for services that fall outside the scope of EAP services.
